### Safer Internet Day

Tuesday 11<sup>th</sup> February was Safer Internet Day and the theme this year was "Together for a better internet". The children spent the day learning about how to keep safe while they use the internet. The internet is a constantly evolving place and it's easy to be left behind so please take a few minutes to look at the links below and find out how you can help keep your child safe online.

One aspect of online safety that can be overlooked by parents is age limits for websites. This image shows the age limits that many popular websites and social media platforms have put together to keep children safe. You may not consider it a risk if your child is using a site "underage", but it puts your child at risk of being exposed to material that is too old for them.

### Y6 SATs

In case you haven't made a note of the date, Y6 SATs are only 9 school weeks away. The children have been working very hard in lessons and in their booster clubs. SATs are in the week beginning **11<sup>th</sup> May 2020**. All Y6 children must be at school that week as each test has to take place on a particular day. Children in Y6 also have access to Rising Stars online SATs booster materials and SATs Boot Camp Online. All children have been given their IDs and passwords so please encourage them to make use of the sites.

### Term Dates

We break for Easter on **Thursday 2<sup>nd</sup> April** and reopen on **Monday 20<sup>th</sup> April**.

### Achievement and attendance

Below you will see the winners at our recent writing celebration assemblies as well as the attendance for each class over the past month – well done **Meteor** class. **The target for attendance is 97%.**
