

Jane Seaney

I have worked in schools since 2007, when I had the opportunity to change my career from business to my dream of working with and supporting children with behaviour, mental health and pastoral needs. I am currently a Pastoral Support Officer at MCA. To have the opportunity to help and make a difference in a young person's life, no matter how big or small is a very rewarding and awesome job to have. I have a level 2 in Counselling and I am also a Human Toolbox Practitioner.

I have been a parent and staff governor in previous schools, where my eldest daughter - who is now 23 attended. When my two youngest, 6 and 4 became ready to start school I wanted to support not only my children's education but also the school I chose to educate them, so I applied to be a Parent Governor at Great Heath Academy.

I really relish and enjoy my role as a Parent Governor, it allows me to get an insight on how the academy system of education works on a day to day basis and also gives me the opportunity of attending various award ceremonies and assemblies to see what the children are achieving and enjoying at school. I have also attended Coffee Mornings to meet and talk to other parents. My linked responsibility as a governor is Behaviour.

Outside of my professional life I am married and a mother to my 3 amazing children, with whom I love to travel and show them the world around us. I am also a local Parish Councillor for Eriswell village.
